

Keep in Touch

Come and find out more about Birmingham's Clean Air journey

The People for Public Services Forum would like to invite you to its online meeting on:

Tuesday 16th March 2021

2pm – 3pm

Air pollution has been declared a national health emergency and contributes to 1,000 deaths in Birmingham every year through conditions such as cancer, heart and lung disease.

In 2021, Birmingham will launch a Clean Air Zone which will charge the owners of high polluting vehicles to enter certain parts of the city. This is different to a congestion charge (like in London), which charges every vehicle to enter a designated area, the Clean Air Zone will only charge the most polluting vehicles.

The Brum Breathes team has designed a question and answer session to explain how the Clean Air Zone will operate, who is affected and the support available for residents, workers and businesses.

This is your chance to hear from the team leading the implementation of the Clean Air Zone and to find out how it may or may not affect you. It is also a chance to ask any questions direct to the expert and to find out what support is available.

Eventbrite

Everyone is welcome to attend. If you would like to attend the online forum, please [register here](#). You will be emailed a link 24 hours before the event goes live.

If you are unable to book a place using Eventbrite, please do not hesitate to contact us via our email getinvolved@birmingham.

If you wish to get more information in advance on the Clean Air Zone, please visit: www.brumbreathes.co.uk

If you can't attend this time details of future arrangements will be posted on our [webpage](#), which includes all details of all papers from previous meetings.
